

LUCAS TRESSOLDI

BACKEND DEVELOPER

+55(19)99786-1103

tressoldi.lucas@gmail.com

LINKEDIN: [@lucastressoldi](#)

SUMMARY OF QUALIFICATIONS

Backend developer with proven experience in developing software that uses CRUDs. Through technology, I seek to help optimize people's daily lives. Very curious and enthusiastic to learn and deliver value in return. Always open to new world views, teachings and development opportunities. Passionate about knowing how things work.

PROFESSIONAL EXPERIENCE

Aug, 2023 - Sep, 2023 Reforça

Company focused on student tutoring.

Freelance

- Register new students and teachers in Excel, edit class attendance and automatically fill out contracts.

May, 2021 - Sep, 2022 Sylvamo

Company focused on paper and cellulose.

Apprentice

- Develop an application in Python to calculate forest inventory and integrate with the Oracle database through SQL (CRUD). This project reduced the company's annual costs and provided more productivity for employees.
